Established in 1997, **Teen Masters** is unique
in the world of bowling competitions.

On our level playing field,
advantages can only be gained through
hard work and perseverance.

Participants in Teen Masters are limited to a single SKILL 3.02 while competing on two low-volume oil patterns. By reducing variables, such as “matching up” and “whom you follow,” we achieve competition in which ***"the hand in the ball is more important than the ball in the hand."***

The SKILL 3.02 is an incredibly durable pearlized urethane ball that maintains its performance characteristics for years rather than months. The 24 bowlers who advanced to the match play finals of the 2023 Teen Masters Championships used balls over three years old on average, including one with over 500 games.

WHO: Teens from North, Central, and South America and the Caribbean.

WHAT: The toughest test of skill in bowling.

WHEN: June 28 – July 3

WHERE?

Royal Scot Golf & Bowl

Lansing, Michigan
